- 1) Removal of Grace Gont from an illegal Guardianship and Nursing home held against her will as a incapacitated person who can take care of herself
- 2) June's court date in Guardianship court Grace Gont should be returned home where legally she belongs with her daughter who loved her.
- 3) I would ask the court to understand AIRCA Bill Stetter has committed illegal seizures Elizabeth Gont should not be responsible through false charges or and all false charges should be removed from Arrests 4/26/26, 8/28/18, 11/26/21 and 12/22/22
- 4) I will ask the court to look at the false arrest of a child Margie Berry saying she was pushed when she wasn't injured through USB to help remove these charges.
- 5) Any order concerning animals should be removed Elizabeth and Grace Gont spent all their money on animals and they should not be deprived of the love of animals. When the house showed tons of food and the pictures (all) showed healthy chubby well care for animals
- 6) A compensation of Damages should be given for another assassin

Amend the Complaint - PKC-LB

This motion is asking the Court to Amend the Complaint and reinstate the viability of the lawsuit and hold people accountable for there illegal actions concerning all agencies and people

Since 2015 Grace and Elizabeth Grant were harassed by adult Protective from ED and Grant and Meera and Maruf Mirza. There has been no facts proof or validity to their false reports just Eager opportunists looking to steal Grace Grants pets and Grace Grant herself and destroy her house

ED Grant and Meera and Maruf Mirza have been pushing for a house sale and making up stories to get all sorts of trouble started to get Grace Grant and Elizabeth Grant out of the house. This is extreme harassment and they should be accountable for the reports to 311, police AS PAT Adult Protective which are all lies

Case 1-22 CV 00775-PKC-LB
 Anna Hook Adult Protective hospital lawyer
 is covering for the fraud and corruption
 of Adult Protective creating false cases
 from the an they never investigate.

Anna Hook lawyer was forcing Grace
 Groat to stay in the hospital. On an
 illegal hospital hold. Mrs. Grace Groat
 legally could leave against medical
 advice from (AMA). There was no
 reason to force healthy Grace Groat to
 stay in the hospital and force Grace Groat
 in a nursing home. Guardianship can't
 force someone to stay places against
 their will. Especially since the court
 hasn't allowed Grace Groat to speak
 and show her capacity which should have
 been the first court date and then
 end Grace Groat's suffering and let her
 go home. So Anna Hook illegally is
 enhancing and creating the medical
 billing fraud of Elmurst Hospital
 and Row River Pn Nursing Home.
 Kimberly Kewins is also paid
 off by Adult Protective through HRA
 to cover for the fraud and corruption
 of false reports they don't want to
 investigate knowing they are not true.

Karina Louyza is a complete

of the medical billing fraud of

a further torture for Grace Grants
hostage kidnapping illegal hospital

at a person and illegal nursing home hold
providing Medical Billing fraud.

Judge Bernice Siegel
has been the biggest problem because
she tried to let a minute take all the
illegal things everyone is doing
Medical Billing fraud. Should have
be done on drug level because Grace
Grant was and is healthy so she
can go home and be released LEGALLY
Judge Bernice Siegel has been
authorizing an illegal hospital hold.

Segul force Grace Groat into a Nursing Home when a capacitated person legally cannot be forced into a Nursing Home. LEGALLY CAPACITATED Grace Groat can be released to her home. Grace Groat is a citizen and worked 30 years as a tax paying credit manager and Grace Groat's abduction on November 26, 2021 by Adult Protective illegally dragging Grace Groat out of her house against her will is abuse on an elder and an overstepping of bounds on Adult Protective not abiding by the Fourth Amendment right to privacy and property and using the police to misuse their power and drag Grace Groat out of the house and her criminal action. Why and how could Grace Groat be dragged out of her own house in handcuffs?

Sgt would like to add the NYPD 115 m for falsely dragging Grace Groat out of the house against her will in handcuffs and breaking in when Grace and Elizabeth Groat are sleeping doing nothing illegal and the 115 m for being involved in every illegal

Search and Seizure never abiding
by Grace and Elizabeth Grant's right
to privacy and property. The ASPCA
Never ever Belonged in the house
misusing the NY FDS power on
non criminal issues

The ASPCA are the Criminals
they went into a home with no
emergency and No probable Cause
and destroyed the house to try to
prove that Stealing animals was
necessary when it wasn't, Pictures show
animals ASPCA poisoned, they also used
Pikes hoses Brown w/ soap to hit the
animals in the face and bloodied a dog's
mouth during the seizure and killed the
cat. ASPCA have no right entering the
house illegally even. They broke ADA
violated Cuffin by putting her in their
Pigroll and ADA Cuffed convicted
innocent people like Elizabeth Grant
with no evidence with Judges Zero
not conducting a trial legally
Judge Zero did not allow
Elizabeth Grant to have a defense
Veteran so the trial was never
done appropriately. ALSO NO animals

5-8-22 P90427

Case # 1-22-cv-00775-PKC-LB
 are supposed to be taken before a
 trial. Impoundment in place would
 need to be done. Animals as evidence
 are tampered with and destroyed so
 a conviction on photostopped pictures
 should be illegal. Animals cannot
 be taken in a divorce because a person
 is innocent till proven guilty so
 the animals would have to be kept
 and until after proof and a real
 trial - after the trial upon proof of
 a veterinarian currently looking at the
 animals not photostopped pictures -
 then if a person was proven guilty -
 after a trial ONLY would animals be
 taken. So Judge Zaro Brashy did a
 one sided trial, only hearing the ASPCA's
 veterinarian and going by what he said
 obviously Judge Zaro has worked with
 ASPCA to railroad innocent people
 Grace and Elizabeth Grant.

I really want this court to straighten
 out Grace Grant's false incarceration.
 Grace Grant has been capacitated and
 this has been ignored by the court.
 I sent videos and USBs to the
 Guardianship court which were

 Ignored by the court and Judge Siegal
 has tortured Grace Grant

The minute I put in for a petition
 of Guardianship which I was advised by
 my lawyers but the Judge immediately
 placed an order of protection on me and
 a restraining order favoring the opposition.
 This was my heavy and petition for my
 mother who has had a good relationship
 with my whole life and is on video
 asking for me to be the guardian. Grace Grant
 has always been of sound mind and
 takes care of herself. Obviously Judge
 Siegal had favored big business of corrupt
 trust Adult Protective and Embury + hosp-
 ital fraudulently hoarding Grace Grant against
 her will. The concept of immediately putting
 a guardianship and an order of protection
 on when Grace Grant is capacitated but
 has not been allowed to speak on purpose
 because when she speaks the case ends
 and the thieves can't steal Grace
 Grant's assets. Grace Grant said on video
 she did not need an order of protection
 because she was never abused by
 Elizabeth Grant. Since Judge Bernice
 Siegal only wanted ED Grant to visit which
 shows Judge Siegal's Bias and Conflict

p11 of 27

side in with Adult Protective and Elmhurst Hospital fraud? Well Judge Siegel Does these Guardianships and in Grace Grant's case she is a capacitated person so Article 81 does not apply here and Judge Siegel should have never put her in a Guardianship to begin with that was illegal. Judge Siegel should not have condoned and illegal hospital hold and how since the Guardianship of a capacitated person is illegal then definitely sending Grace Grant to Assisted Living is illegal also.

Grace Grant has constitutional rights Fourth Amendment right to Privacy and Property that means her animals cannot be stolen or taken illegally nor legally. Can Grace Grant be dragged out of her house and not allowed to go home this is all illegal because there is no law or right to forcing a capacitated person into a Guardianship to steal their assets and RAILROAD them to a nursing home. Because this is a criminal action in reality and should not be accepted in Court fraud.

(I want Grace Grant returned) because Judge Siegel's only shown to have conflict of interest.

PR of 27

have asap.

I would like to stress all charges concerning animals should be removed from Elizabeth Gont - all animal charges as we have stated were never seen legally they were fictions conviction on photoshopped pictures because no real animal was present for a arrest veterinarian visit and the defense Elizabeth Gont never got a veterinarian to see the animals no one ever saw them again! There was no evidence of abuse or neglect. Animals are taken after a trial not before.

Grace Gont has been abducted illegally just like 12 animals but I would like her returned asap because her abduction could cause health issue or cause her to die. Grace Gont was taken as a healthy person access work and she should be returned immediately. People aren't abducting in 2022, the house is safe her daughter is safe, but she is in jeopardy in a hospital as a healthy person and animals are as healthy person so Grace Gont has a legal right as a healthy appointed person to condone against Judge Seigel

 Judge Siegel instead of seeing

 her health, illegally providing medical
 billing fraud and abusing Grace Gant's
 constitutional right to freedom. Why
 would Judge Siegel not allow Grace

* Illegally holding Grace Grant in a Guardianship when she is capacitated and no Guardianship legally should be forced on a capacitated person according to article 81 the standards for a guardianship which is only put on an incapacitated person After a trial not before. Running the compass of Judge Siegel doing this illegal action allowing a vicious illegal abduction of her life with all her civil Liberties taken illegally. Grace Grant is a citizen and always paid taxes and has no problem with the law and she must be returned home Immediately!

Animals have been illegally taken by ASPCA's breakers and then taken to the same - Grace Grant can't be railroaded to a nursing home. Before she gets to speak and she can't be denied to speak. Videos were submitted to the court of Grace Grant's capacity and were ignored.

The Smilie is the fact animals legally shouldn't be taken till after a trial not before tampering and destroying evidence.

The lawsuit must push for the removal of Grace Gont in an illegal Nursing home and from illegal Guardianship and a appointed person which Article 81 does not okay Guardianships on capacitated people who say they want to go home and legally just go home

I also want to point out Judge Siegel stopped Grace Gonts Bank account and put her in credit risk because he guardians took her money, they did not pay the Bills with the money and ruined her credit Grace Grace Gont is capacitated and that means Grace Gont goes home

Judge Siegel has aided and abetted the illegal hold of Grace Gont being illegally dragged out of her house by Adult Protective in a non criminal action. So Grace Gont should never have been brought to the hospital against her will, healthy, jeopardizing her health in the first place

Grace Gont passed her Physical and mental exams Elizabeth Gont was next to her for days and saw this but the hospital illegally refused to release Grace Gont Instead of Judge Siegel worthy to go home in peace Judge Siegel left Grace Gont to suffer more

 extreme cruelty for Grace Gant to

July Siegel must release Grace Gmt and besure of it on June 8 as a capacitated person she does not belong in guardianship at all and especially not a nursing home where our horse is at 25-4432nd St Eastchester NY 11370.

New York Family Bar Senior Citizens must come off as Guardians and any financial hold on Grace Gmt must come off because Grace Gmt can take care of herself.

When I contacted Marguerite Gray concerning the illegality of the guardianship she did not want to help. Here Grace Gmt is not incapacitated forced in a guardianship Sterling has assets fathered to a nursing home and Judge Gray does not want to get involved that's really asign this court has no judicial ethics so I would like to sue Guardianship court for allay Judge Siegel to put false charges on Grace Gmt for an unnecessary order of protection and allow Grace Gmt illegal guardianship as a capacitated person.

Also I would like to sue Green Criminal Court for

Dear Guardianship court

I want to set the record straight on falsehoods. My daughter is my best friend. My daughter and I share everything. My daughter gives me her money. Elizabeth Grant has full authority to manage my finances. My daughter has never abused me or hurt me ever. That's the truth. My house is also safe. I have been hoarded illegally in the hospital for two months and gang on three weeks. This is illegal and elder abuse. The guardianship hearing was instituted by my daughter to get me out of the hospital where I am being illegally held.

I am not incapacitated. I am of sound mind. I know what happened today, yesterday and in the past.

1. Slandering my daughter is unlawful. Elizabeth Grant would like all accusations of my daughter abusing me to be dropped.

2. I would like to pick my own private attorney.

Exhibit 1-22 CV
 0075 PKC
 1206 Grace Grant

2. I would like to have my constitutional right to be released from the hospital legally granted. I am not incapacitated. The entities lying about me and incapacitating me should be sued but I am willing to give up the lawsuit as long as my wish to leave the hospital is granted. today February 16, 2021.

Legally everyone is allowed to leave especially if they sign the Against Medical Advice form which I signed for the hospital.

3. I want my bank account to be reinstated and never touched again.
 4. I want the temporary guardianship removed. I do not need a guardian at all. The lies of domestic abusers and incapacitations are embellishments to try to get away with medical billing fraud and overbill my medicare.

This is the very old, hardly a healthy person in the hospital who is incapacitated to lie about their health. Is Elder Abuse.

4. I want my bank account reinstated and I can do whatever I want with my own Bank Account. The only person I authorize to use the card is Elizabeth Grant.

Grace Grant and they have a harmonious
relationship

5. I would like Judge Seagal to
recede herself if she has put a
temporary guardianship on me and I
would like the temporary guardianship
removed right away and I would like
Judge Seagal to recede herself if
indeed the bias against my case is an
issue because Judge Seagal has relations
with organizations like Adult Protective
Services, ASPCA and Emory hospital.
so there is a conflict of interest for
Judge Seagal and I Grace Grant the
party that is capacitated not incapacitated
is being lied about and my life will
be destroyed by lying in a nursing home
and the fact because I am capacitated and
healthy

6. I am praying for my release and no
guardianship at all. I can fully take
care of myself and need no assistance.
It is my constitutional right to go back to
my house I own and I am on the deed.
My house and my daughter are safe hardly
me in the hospital is completely illegal.

Dear Dr Kim and Nursing

Shaver Dr Holland

Dr Chynner Dr Jude, Dr Holland
and all Doctors and nurses concerned with Grace Grant

I, Elizabeth I am the daughter of Grace
Grant, Grant and I have been ignored
by the entire team for over 6 weeks

My man was illegally dragged to
your hospital 11/26 and she was
perfectly healthy after spending a lot
of time in the house to stay
away from Covid.

Right now after 6 weeks of
being illegally kept in your hospital
against the will with stories
traveling around that should not
legally be kept in the
hospital just to milk the insurance

Also conveniently not needed to
have the professionalism throughout
her stay in the hospital

Exhibit 17

I want to clarify Certain 12/19/21
 Fulsehoods your hospital is
 using to hold her in the
 hospital

Adult Protective has no guardianship
 over Grace Grant and they know
 they would lose so they
Rescinded the guardianship in
 2017 and never attained
 Guardianship so I doubt
 they want to go back to
 court to rescind it again
 because they know they have
 to stop or will lose

Grace Grant does not
 want any part of Adult
 Protective they never helped
 just hurt our family with
LIES harming pets, stolen and
 killed. Adult Protective are
 vicious crooks who ruin
 the elderly to ruin homes
 and steal their Social Security

check and are after Grace Grant's
portion of her house.

So if Grace Grant tell you
she has and wants nothing to do with
this organization why does the
hospital keep using information from
Adult Protective to hold her illegally
against her will in the hospital?

Also there is no court hold
legally keeping Grace Grant in the
hospital, that is another lie. This
is an illegal hospital hold.

I am a proxy and power of
attorney and I have lived with my
mom comfortably and happily
all my life.

I should not consider myself
Grace Grant's caregiver because she
can take care of herself because
she is not incapacitated at all.

No one legally bedeviled in

There is no danger in the house

to go to the house without a
bunch of people listening to
childish gossip about a house.
So Grace Grant can return to the
home she owns and should be
able to go on.

Also my relationship with
my mother is superb. We
get along really well.

Any false accusations that

Grace Grant can indeed go to the bathroom herself. She also can do her own grocery shopping and laundry herself.

She's a little hard of hearing so if she didn't understand your question it's not she didn't understand your question. It's just that she couldn't hear your question.

Grace Grant reads the Post Daily News and the daily paper from the hospital. She knows where she is. She knows what happened and has been happy. She is aware of her surroundings and talk to her 3 times a day.

The doctors who I heard are a bunch of interns have no right to lie and say Grace Grant is incapacitated. Is a liar and is jeopardizing their license.

- Sworn/signed affidavits w/the problem (probable cause) for a search warrant.
- Search warrant signed by a judge or magistrate w/date and time the warrant can be used. Yes, warrant expire.
- Warrant MUST be specific as to what the law enforcement is looking for.
- Search warrant can only be served by law enforcement. Animal control, ASPCA, HSUS, PETS, et al are NOT and have no police powers.
- A warrant cannot be general, it must be specific.....no witch hunts allowed.
- Pictures of raid and ram sacking of home/property.
- List of property taken and why it was taken.
- Time line of events that can be used as a transcript in a hearing/trial.

A; very important starting point is the proper protocol for a raid or entry onto private property. This is the protocol I believe must be used in a raid and during a raid. Others may think of things I have forgotten or simply don't know as a non-attorney. These raids have everything to do w/Fourth Amendments rights violations. An American is considered innocent until proven guilty by their peers referred to as due process. This includes appeals. A prosecutor seeks the truth NOT a prosecution. A judge is to remain neutral. Justice is blind.

- That: rule of law" and our Constitution rule above all other laws that have been written and passed over the years.
- That a sworn signed affidavit is the trigger for a search warrant and should be created by a private disinterested citizen NOT a public figure such as animal control or deputy w/vested interests w/fees, fines and bonds.
- A sworn affidavit is given to a deputy/animal control who goes before a judge or magistrate requesting a search warrant.
- The judge/magistrate makes the decision whether there is "probable cause" for a search warrant.

- The search warrant must be very specific as to what the warrant is looking for. There can be NO WITCH HUNTS. There can be no anonymous tips. Constitutionally, one has a right to face their accusers. Again, lots of laws have been passed that are unconstitutional and need to be challenged in a court of law. A good attorney will do this and so will a wise person. PKC
LB
- When the raid takes place, it begins by handing the property owner a copy of the affidavit and search warrant. They need to be given time to read everything making sure dates are correct and the warrant is not stale by time or lack of correctness. Don't allow entry until property owner is satisfied the paperwork is correct and legal.
- The property owner has a right to remain silent; "Meranda Rights." Unless proper paperwork is in hand one can refuse entry by law enforcement. Check local laws to make sure they follow constitutional protections.
- One is constitutionally presumed innocent until proven guilty by their peers (due process) including appeals. Unless it is illegal drugs, property cannot be removed, rather, "shelter in place" of live property is the only legal, constitutional protocol that can take place until due process and findings are made in a court of law. Again, by our Constitution, one is innocent until proven guilty by their peers and this would include appeals.
- In nearly 100% of animal property raids, animals are removed and fees, fines and bonds are immediately demanded. The fees, fines and bonds are excessive and unconstitutional. No jury trial has taken place thus the responsibility of the welfare of the living property lays in the hands of the "robbers" who have taken property under color of law.
- Another observation is, bartering begins w/the takers saying "if you sign off the animal property the fees, fines and bonds will go away along w/the charges. This is blackmail. It is also a violation of our rights.
- Another problem has come up when a sick horse was put down because the state vet stated she would not survive traveling. When asked if the horse would survive if treated in place, the state vet answered "yes." The horse was illegally pts before due process and the loss of the property was financially and emotionally avoidable.
- Another raid on a mom-and-pop farm happened while the owners were in ICU at USC Medical center getting two new lungs; a lung transplant patient.

John B H

The protocol takes months to years to take place. When a match comes the donor and recipient need to be at the hospital immediately. While Neal was in recovery animal control was at his farm removing all the livestock. Some animals were best in Show livestock that took years of breeding correct standards. In this robbery, when the farmers went to court the judge dismissed their case twice. When I came on board I asked, "did the judge order the animals returned?" "No," was the reply. The animals, all of them had been removed and auctioned off at a sale or killed before due process. In the meantime, the local authorities tried to demand thousands of dollars in fees, fines and bonds on stolen animals and the judge eventually allowed these issues to take place in the attempt to cover an outright crime of taking. When the property owners fought back the harassment began and continued until the stress caused septic shock and the transplant patient died. All never should have happened. Sadly, I predicted this end and it never should have happened. Neal, Jeanne and I fought for justice for seventeen months before the corrupt local government and court system took Neal's life from stress.

- Other things happen during a raid; if there are children and/or elders DHS (Department of Human Services) is called and the children and elders are immediately removed. Kids into foster care \$\$\$ and elders go into rest homes \$\$\$ where guardianships are solicited in court. Some foster homes are fronts for child sex trafficking and elders are taken into guardianships and their SS, property and savings are taken and never recovered even if the elder's family eventually rescues their family member. It is a form of human trafficking that the general population does not seem to see.
- Raids are a money maker on several levels and attorneys, district attorneys and judges make each raid a successful operation. Law enforcement and animal control are involved. The universities are involved being paid to run research studies on animal abusers and animal hoarding to make accusations stick. Volunteers are trained in how to go in and take animals and kick over food dishes and water bucket; then take staged pictures. Pictures are photo shopped or pictures of animals that weren't even in the raid are used and given to media for public outrage. Trial by media happens all the time.

Fraud on the Court Law and Legal Definition

Fraud on the court occurs when the judicial machinery itself has been tainted, such as when an attorney, who is an officer of the court, is involved in the perpetration of a fraud or makes material misrepresentations to the court. Fraud upon the court makes void the orders and judgments of that court.

In *Bulloch v. United States*, 763 F.2d 1115, 1121 (10th Cir. 1985), the court stated "Fraud upon the court is fraud which is directed to the judicial machinery itself and is not fraud between the parties or fraudulent documents, false statements or perjury. ... It is where the court or a member is corrupted or influenced or influence is attempted or where the judge has not performed his judicial function --- thus where the impartial functions of the court have been directly corrupted."

And "Disqualification Of Judges, State and Federal"**

Bigger text (+) | Smaller text (-)

<http://www.freedom-school.com/law/fraud-on-the-court-by-an-officer-of-the-court.html>

Under Federal law which is applicable to all states, the U.S. Supreme Court stated that if a court is "without authority, its judgments and orders are regarded as nullities. They are not voidable, but simply void; and form no bar to a recovery sought, even prior to a reversal in opposition to them. They constitute no justification; and all persons concerned in executing such judgments or sentences, are considered, in law, as trespassers." Elliot v. Piersol, 1 Pet. 328, 340, 26 U.S. 328, 340 (1828) Elliot v. Piersol

"Second, a judge is not immune for actions, though judicial in nature, taken in the complete absence of all jurisdiction.[29] Mireles v. Waco 502 US 9, 116 L Ed 2d 9, 14, 112 S Ct 286 (US 1991)

**"Fraud On The Court By An Officer Of The Court"
And "Disqualification Of Judges, State and Federal"**

1. Who is an "officer of the court"?
2. What is "fraud on the court"?
3. What effect does an act of "fraud upon the court" have upon the court proceeding?
4. What causes the "Disqualification of Judges"?

1. Who is an "officer of the court"?

A judge is an officer of the court, as well as are all attorneys. A state judge is a state judicial officer, paid by the State to act impartially and lawfully. A federal judge is a federal judicial officer, paid by the federal government to act impartially and lawfully. State and federal attorneys fall into the same general category and must meet the same requirements. A judge is not the court. People v. Zajic, 88 Ill.App.3d 477, 410 N.E.2d 626 (1980).

2. What is "fraud on the court"?

Whenever any officer of the court commits fraud during a proceeding in the court, he/she is engaged in "fraud upon the court". In Bulloch v. United States, 763 F.2d 1115, 1121 (10th Cir. 1985), the court stated "Fraud upon the court is fraud which is directed to the judicial machinery itself and is not fraud between the parties or fraudulent documents, false statements or perjury. ... It is where the court or a member is corrupted or influenced or influence is attempted or where the judge has not performed his judicial function --- thus where the impartial functions of the court have been directly corrupted."

"Fraud upon the court" has been defined by the 7th Circuit Court of Appeals to "embrace that species of fraud which does, or attempts to, defile the court itself, or is a fraud perpetrated by officers of the court so that the judicial machinery can not perform in the usual manner its impartial task of adjudging cases that are presented for adjudication. " Kenner v. C.I.R., 387 F.3d 689 (1968); 7 Moore's

Exhibit 122-61-

The Supreme Court has ruled and has reaffirmed the principle that "justice must satisfy the appearance of justice", *Levine v. United States*, 362 U.S. 610, 80 S.Ct. 1038 (1960), citing *Offutt v. United States*, 348 U.S. 11, 14, 75 S.Ct. 11, 13 (1954). A judge receiving a bribe from an interested party over which he is presiding, does not give the appearance of justice.

"Recusal under Section 455 is self-executing; a party need not file affidavits in support of recusal and the judge is obligated to recuse herself sua sponte under the stated circumstances." *Taylor v. O'Grady*, 888 F.2d 1189 (7th Cir. 1989).

Further, the judge has a legal duty to disqualify himself even if there is no motion asking for his disqualification. The Seventh Circuit Court of Appeals further stated that "We think that this language [455(a)] imposes a duty on the judge to act sua sponte, even if no motion or affidavit is filed." *Balistrieri*, at 1202.

Judges do not have discretion not to disqualify themselves. By law, they are bound to follow the law. Should a judge not disqualify himself as required by law, then the judge has given another example of his "appearance of partiality" which, possibly, further disqualifies the judge. Should another judge not accept the disqualification of the judge, then the second judge has evidenced an "appearance of partiality" and has possibly disqualified himself/herself. None of the orders issued by any judge who has been disqualified by law would appear to be valid. It would appear that they are void as a matter of law, and are of no legal force or effect.

Should a judge not disqualify himself, then the judge is in violation of the Due Process Clause of the U.S. Constitution. *United States v. Sciuto*, 521 F.2d 842, 845 (7th Cir. 1996) ("The right to a tribunal free from bias or prejudice is based, not on section 144, but on the Due Process Clause.").

Should a judge issue any order after he has been disqualified by law, and if the party has been denied any of his / her property, then the judge may have been engaged in the Federal Crime of "interference with interstate commerce". The judge has acted in the judge's personal capacity and not in the judge's judicial capacity. It has been said that this judge, acting in this manner, has no more lawful authority than someone's next-door neighbor (provided that he is not a judge). However some judges may not follow the law.

If you were a non-represented litigant, and should the court not follow the law as to non-represented litigants, then the judge has expressed an "appearance of partiality" and, under the law, it would seem that he/she has disqualified him/herself.

However, since not all judges keep up to date in the law, and since not all judges follow the law, it is possible that a judge may not know the ruling of the U.S. Supreme Court and the other courts on this subject. Notice that it states "disqualification is required" and that a judge "must be disqualified" under certain circumstances.

The Supreme Court has also held that if a judge wars against the Constitution, or if he acts without jurisdiction, he has engaged in treason to the Constitution. If a

fraud on the court occurs where 'it can be demonstrated, *clearly and convincingly*, that a party" [emphasis added]]. See also *Owens-Corning Fiberglas Corp. v. The evidence must be credible; the memories of the witnesses must be clear and without confusion; and the sum total of the evidence must be of sufficient weight to convince the trier of fact without hesitancy.' *In re Adoption of Baby E.A.W.*, 658 So. 2d 961, 967 (Fla. 1995)").

Fraud on the Court Law & Legal Definition

Fraud on the court occurs when the judicial machinery itself has been tainted, such as when an attorney, who is an officer of the court, is involved in the perpetration of a fraud or makes material misrepresentations to the court. Fraud upon the court makes void the orders and judgments of that court.

In *Bulloch v. United States*, 763 F.2d 1115, 1121 (10th Cir. 1985), the court stated "Fraud upon the court is fraud which is directed to the judicial machinery itself and is not fraud between the parties or fraudulent documents, false statements or perjury. ... It is where the court or a member is corrupted or influenced or influence is attempted or where the judge has not performed his judicial function --- thus where the impartial

What Is Fraud on the Court?

Fraud on the Court, or Fraud upon the Court, is where a material misrepresentation has been made to the court, or by the court itself. The main requirement is that the impartiality of the court has been so disrupted that it can't perform its tasks without bias or prejudice.

Some examples of fraud on the court include:

- Fraud in the service of court summons (such as withholding a court summons from a party)
- Corruption or influence of a court member or official
- Judicial fraud
- Intentionally failing to inform the parties of necessary appointments or requirements, in efforts to obstruct the judicial process
- "Unconscionable" schemes to deceive or make misrepresentations through the court system

It's important to note that fraud on the court only involves court officials or officers of the court, such as judges or court-appointed attorneys. The fraud must be directed at the "judicial machinery" itself. Fraud on the court generally does NOT mean:

- Fraud between the two opposing parties
- Submission of fraudulent documents
- Perjury or false statements by witnesses

RE: Grace Grant
DOB: July 1, 1939
Room 3A

Dear Honorable Judge Marguerite A. Grays,

Elizabeth Grant is a constituent of the 34th Assembly District. She came to our offices in need of support for her mother, Grace Grant, who is currently a patient at NYC Health + Hospitals/Elmhurst. She informed us that the hospital is in the process of determining whether Grace should be placed in a nursing home.

According to Elizabeth, her mother doesn't belong in a nursing home and requests that she be released to stay in her own home. She, the daughter, wishes to provide the care the mother may need. Elizabeth shared that her mother is not suffering from a debilitating illness. Grace is elderly and requires a hearing aid, but her daughter is confident that with the provision of a hearing aid, she will be able to care for her mother in the comfort of her home.

I recognize that medical care is complex and there are HIPAA laws that prohibit you from disclosing sensitive, private information regarding this case. **We request that you speak directly with both the patient in your care and her daughter, Elizabeth, at (917) 202-6351 to determine the best course of action given her request.** Thank you so much for your attention to this matter.

Sincerely,

Jessica González-Rojas

Elmhurst Hospital
Elmhurst, NY 11373

79-01 Broadway

Dear Doctors, Nurses and Medical Team of A3,

It is a legal fact that I

legally am allowed to leave the hospital at any time. According to my civil and constitutional rights I am not to be held illegally against my will which is exactly what Elmhurst Hospital is doing. Elder Abuse is a felony Your hospital has no right ignoring my release and never speaking to my real proxy, my daughter, Elizabeth Grant concerning my release. This bad communication with a patient whose insurance your using to illegally hoard me, who is healthy in the hospital. This is human trafficking and kidnapping and your forcing me to stay here is illegal. I am asking to be released - Against Medical Advice - which gets rid of Elmhurst General being responsible for me at all. When I leave. The AMA paperwork also relieves the hospital of the current lawsuits in the court I have for them for illegally hoarding me for 2 months and two weeks when I was healthy just to run my insurance unnecessarily gaining hundreds of thousands of dollars when I just could have went home and ate own food and took my own medicine whatever and whenever I like which is my constitutional and civil right I am a citizen and I worked my whole life was a tax payer I have full capacity to take care of myself and I am sound of mind There is nothing holding me in the hospital so keeping me against my will is completely illegal. I would like to leave today. The doctors should legally comply with my wishes as they would anyone else's just because I am elderly does not mean that you incarcerate me in a hospital when I am healthy to misuse my insurance and hoard me against my will. My daughter is my power of attorney and real proxy and can help me with whatever I need although I am self sufficient. I own 25-44 82nd Street East Elmhurst NY 11370 and should legally be allowed to go home to my own house. My daughter can bring me any extra clothes I need and my clothes and pocketbook in property I would like returned. I would like to leave today. This hospital has no right to take charge of my life and I want no part of this hospital and an illegal attempt to railroad me to a nursing home ever again This has been cruel environment to be subjected to. Forced to stay in bed and only walk to the bathroom and back every day for two months and two weeks. The doctors and social workers would never talk to my daughter, my real proxy and power of attorney, Elizabeth Grant. The hospital has put me in rooms with prisoners and treated me like a prisoner wearing an ankle bracelet and not being able to go anywhere else but the bathroom and back. I have been placed in Covid rooms to get Covid purposely when I came to the hospital by force, healthy. People have died in the rooms I have been in. If I stay in this hospital anymore I might catch the wrong germ and die to. I am 82 years old and this is completely elder abuse which is punishable by law. Legally there is no way to hold me in the hospital. My daughter, Elizabeth Grant, my proxy and power of attorney, is readily available to help me go home. My home is safe the pictures seem are ones after ASPCA kill shelter destroyed the house and turned over and broke everything during there illegal raid. Since then my Elizabeth Grant has hired workers to help fix the place and thrown out a lot and cleaned a lot ASPCA kill shelter is illegally slandering the house and Elizabeth Grant and this is grounds for a lawsuit against them ASPCA amongst the recent, illegal stealing and killing of Grace Grants property, her pets. Elizabeth Grant and Grace Grant have a great relationship and get along well so we would ask that today this letter serves as a release for Grace Grant from Elmhurst hospital. Elizabeth Grant has fixed the house and might be selling the house anyway so hoarding Grace Grant is unnecessary cruelty and she should and can be released- Against Medical Advice- immediately asap today. I look forward to Grace Grants release and her chance to live because if she stays in any hospital long enough then she will die of the multitude of germs in the hospital I am glad that professionally you will be releasing Grace Grant today and finally, legally doing the right thing. Grace Grant has put up with enough including not being able to bathe only after two months. The in professionalism and unsanitary. Conditions at the hospital include feeding Grace baby food, and not changing her gowns or bed clothes but once a week. Thank you for letting Grace Grant be released and have her life back like she did before she dragged unnecessarily to your hospital, healthy. Sincerely yours,

Elizabeth Grant - Proxy and Power
of Attorney and Grace Grant Elderly Patient authorizing herself to be released - Against Medical Advice today - February
7, 2022, immediately, freeing you of any legal issue with Grace Grant!

Exhibit 1-22
 DD MS W PKC

Provide a detailed description of the complaint below:

I am being illegally held against my will at Enlist Hospital. I was dragged in by Adult Protective and handcuffed. They broke my white I was sleeping doing nothing. They did not allow me to talk to my lawyer or ASOCA. All stolen my and illegally stole my pets. I have been illegally boarded here at Enlist Hospital for 2 months and 11 days. The hospital harasses me daily to tell me I am going to an nursing home. I have authorized that Enlist hospital could use my insurance ever especially to illegally force me to stay in a hospital when I am healthy to make me sick. I have asked medical stop paying the hospital because they are using my insurance like a stolen credit card. The hospital needs to stop using my insurance without my authorization. I am sure the hospital right now I would ask that Department of Health consult with Enlist hospital and explain to them that since I am not sick they can't keep using my insurance illegally to board me in the hospital. Let me go into the deplorable unsanitary conditions in the hospital and the elder abuse. I have a nurse first of all forcing me to stay in the hospital and forcing me to go to an nursing home. Submit this VISCASS hospital illegally with and this must be known like you know my illegal treatment other than holding me for 2 months and 11 days when I am healthy.

I have been in rooms with prisoners, rapists with covid patients to be given covid patients have died in rooms. I have been in there moved 7 times. I have also been placed in rooms with crazy people who talk to themselves. I get my sheets and gown changed. I am not allowed to move my arms then going back and forth to the toilet. This is elder abuse at an nursing home. I have been rough with the nurses of an nursing home. I cannot want to go to an nursing home only because my power of attorney and proxy and I want to go home. I do not want the hospital as my guardian. They are criminals at Enlist General Stealing my insurance and they are doing medical billing fraud. This should be punished by the law. Please make sure I can be discharged from Enlist Hospital to home asap because you are abused!
